

Bishal Shrees

Front End Developer

Enthusiastic, motivated and creative Front end Developer with a passion for creating dynamic and responsive web applications and staying up-to-date with latest technologies. Proficient in HTML, CSS, JavaScript, React, Tailwind and other relevant technologies with a solid understanding of web development principles. Developed several personal projects and completed online courses to expand my knowledge and skills. Seeking an entry-level position to further develop skills and contribute to the success of a dynamic team in an organization.

PERSONAL PROJECTS

Portfolio Website

▣ Developed a personal website using React and Tailwind CSS that showcases my skills and projects.

Food Delivery Website UI design

▣ I build this web app UI design using React and Tailwind. It shows various types of food and their prices. We can order foods in terms of price and food items.

Calculator App

▣ I build this app using HTML, CSS and JavaScript. It is used to simple numeric problems

Quiz App

▣ I build this app using HTML, CSS and JavaScript. We can play quiz games and check our knowledge using this app.

Lyrics Search App

▣ I build this app using react and context API . We can search songs lyrics by using this app.

React Blog Website

▣ I build this beautiful blog website UI design using Reacts and CSS.

Weather App

▣ I build this app using react , weather API and CSS . It shows the weather condition of desired location.
